

Science Teacher Years 7 - 9

We are seeking applications for an enthusiastic, innovative and engaging educator who has a passion for science to join our College to support our continued enrolment growth in 2024. You will be part of a dedicated and professional team who strive to achieve quality teaching and learning experiences.

Benefits of joining Catherine McAuley College:

- A culture of continuous professional improvement
- Join a dedicated team of teachers and leaders who keenly support the integration of STEAM learning in classroom programs.
- Access to a growing range of modern and state-of-the-art equipment and facilities in a spacious learning environment.
- Be part of an exciting and positively evolving education community.

Catherine McAuley College provides an integrated, broad, and challenging academic curriculum which fosters a passion for learning, develops independent, critical thinkers and focuses on excellence for students. We aim to immerse students in education that is inspiring, meaningful and connected. With employment in the fields of STEAM (Science, Technology, Engineering, Arts and Mathematics) increasing rapidly, we realise the need to develop the future workforce with these skills. Our STEAM classes connect with and consolidate our students' understanding of the theoretical content by taking part in a range of practical science activities and engineering design tasks. Our Coolock campus has a dedicated STEAM space that enables students to apply and develop their skills through using a range of modern equipment, including laser cutters and 3D printers.

What you will bring to the team

To be successful in this role, you will bring relevant qualifications and contemporary teaching experience in line with the [Australian Professional Standards for Teachers](#) and be in any of the career stages of Graduate, Proficient, Highly Accomplished or Lead Teacher.

Subject teachers are skilled practitioners, who meet the professional standards for teachers as outlined by the Australian Institute for Teaching and School Leaderships (AITSL). Subject teachers are required to draw on their practice from the [AITSL dimensions](#) of professional knowledge, professional practice and professional engagement.

As a Science teacher you will have:

- Strong literacy, numeracy and digital literacy practices plus a clear understanding of the Australian Curriculum.
- Relevant qualifications and experience in teaching Science or STEAM subjects.
- A dynamic and innovative classroom teacher who will have an adventurous and creative approach to engage your students and utilise STEAM resources to maximise learning potential and outcomes.
- Exceptional interpersonal skills, with a unique ability to engage positively with students, encourage respectful relationships and contribute to a productive learning environment.
- A professional and collaborative approach to your work.

- An innate desire for continuous learning and professional improvement that includes classroom-based learning, mentoring and coaching.
- Commitment to child safety.
- Proven organisational skills.
- Commitment to the Catholic Educational philosophy of the College.

About Catherine McAuley College

Catherine McAuley College is a co-educational Year 7 to 12 Catholic secondary school and a member of the vibrant network of Mercy Education Limited, schools around Australia, Catherine McAuley College staff benefit from a professional environment, which has been cultivated over the 145 years of the school's heritage.

The Mercy values of compassion, courage, respect, justice, service and hospitality guide our way and our touchstone statement supports these values: 'inspiring members of our community to be learners impelled to thrive and serve'.

The College is situated across two campuses: St Mary's Campus, Barkly Street Bendigo (Years 10-12) and Coolock Campus, 1 St Vincent's Road, Junortoun (Years 7 – 9). The current enrolment is approximately 1500 students with a significant growth forecast and plans well underway for further exciting future developments.

The College is a reGEN school committed to promoting and adopting an integrated curriculum approach to sustainable living including respecting, conserving, and renewing our global environment.

We are dedicated to developing students who are critical and creative thinkers, with the skills to be self-motivated in the pursuit of knowledge. Our students are empowered to see themselves as positive agents of change, who are called to participate actively and ethically in society as young men and women of Mercy.

To explore what happens in our learning areas across both campuses, please visit our website, take a virtual tour or look through Open House which also includes further 3D tours .

How to Apply

All applications are to be addressed to the Principal, Mr Brian Turner. Please include a cover letter and your current Resume, inclusive of at least two professional referees. Please also complete and include an Application for Employment – Teacher which is accessible via the website.

Please email applications to the People and Culture mailbox: pandc@cmc.vic.edu.au

Applications close Monday 20 November 2023.
