

meeting with Carly at school

Sometimes at school I might work with different people outside of my classroom.

When Carly comes to visit at school, a teacher will take me to the meeting room to meet her.

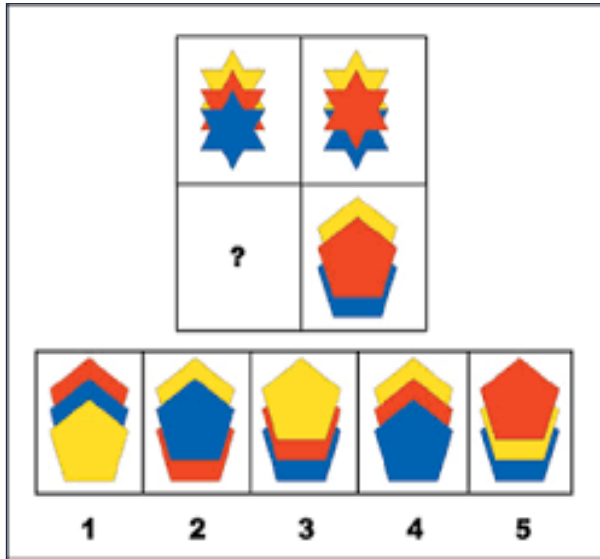

Carly will say “hello” and we will sit down at a table together

Carly will ask me some questions about what I like to do at school and at home.

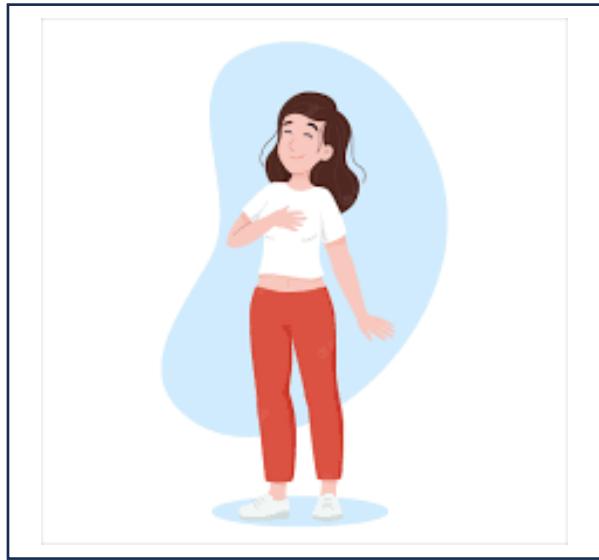

We will complete some activities together. Carly will tell me or show me what we need to do for each activity.

We will do things like looking at pictures, working with blocks, and answering questions.

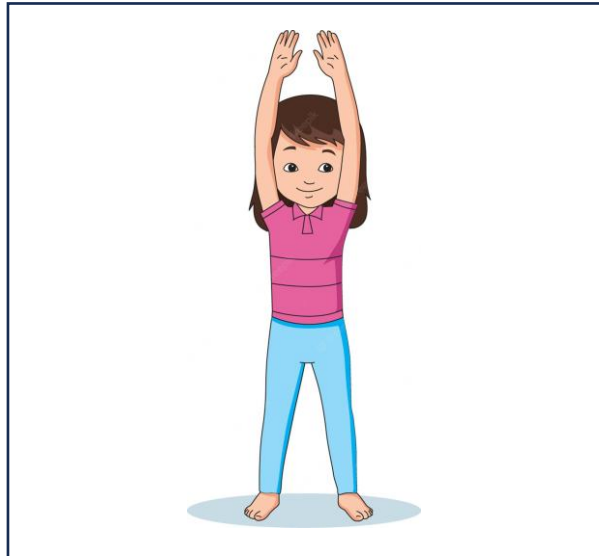

I might really like some of the activities. Some of them I might find a bit tricky. All I need to do is to try my best.

Deep Breaths

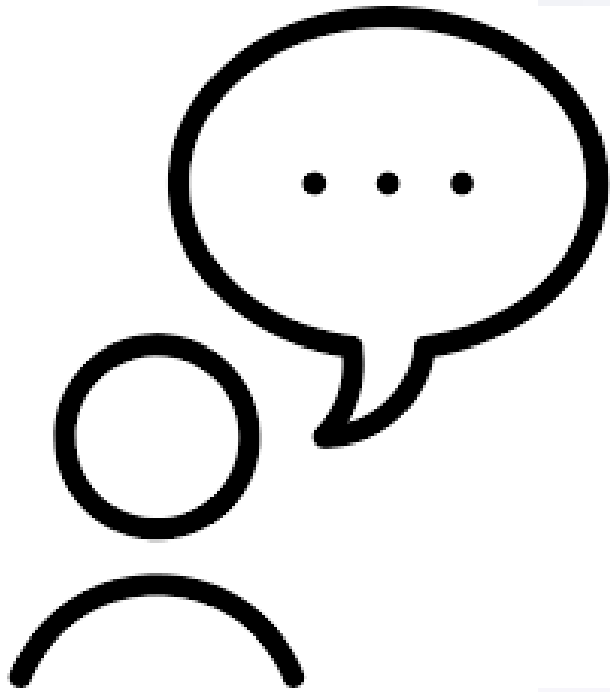

Walk / Run

Stretches

Something else

I can ask for a short break if I need one. Carly might suggest that we have a break if she thinks we need one.

It's ok for me to ask how many activities are left, or Carly might tell me how many more we have to do before we are finished.

When we are finished working together I will go back to my class.
